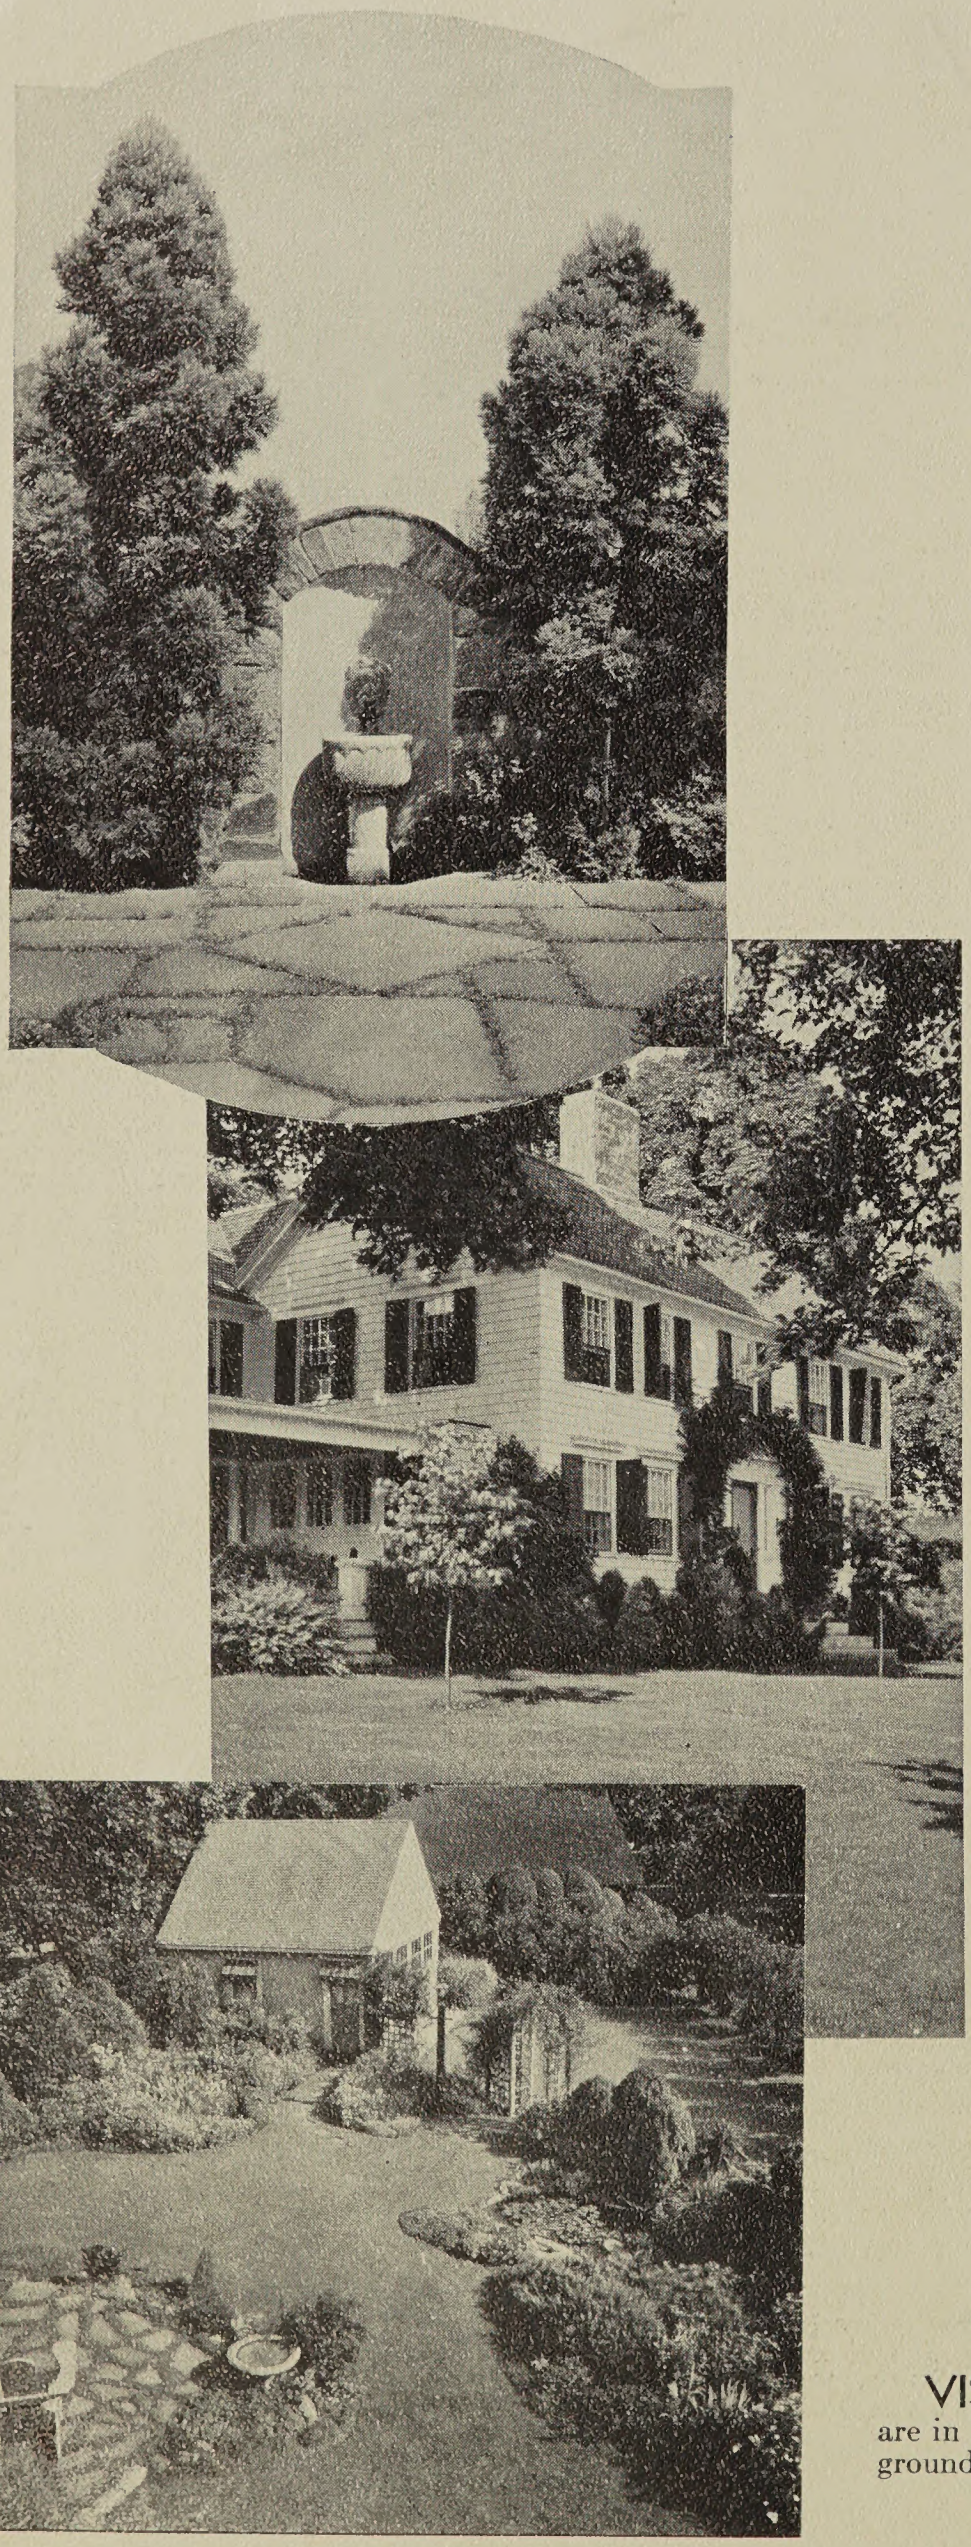
Planning and Planting Service



IN PREVIOUS CATALOGUES this page was headed "Landscape Service," but this year we have changed it to "Planning and Planting Service" as being more descriptive of what we are prepared to do in the way of making American homes more beautiful and better places in which to live.

We have trained landscape people competent to plan and plant anything from a small city lot to a large estate, and we have the plant material right here in our Nursery to select from.

One principal reason why we wish you to know about this "Planning and Planting Service" is that we love plants and we would like to know, as far as possible, that every plant that leaves our Nursery is properly planted under right conditions so that it will give satisfaction to the new owner. New plants appear every year. There are new shrubs as well as new perennials and new things from bulbs, so why not let us figure on bringing your garden up to date? The improvement can be as modest or as elaborate as you wish.

Perennial borders need overhauling once in a while, and, as some of the newer perennials are real advances, a new border will not only change the garden picture but the new plants will bring much pleasure with them. Or if you do not have a border, let us show you what one will look like.

Roses bring color and fragrance into the garden and furnish the finest of cut-flowers for the house. Have you ever thought of a rose-garden of your own? The cost need be only what you wish and the dividends in beauty and pleasure are unlimited. We plan and plant wonderful rose-gardens.

If you have room for a few flowering shrubs, trees, or beautiful specimen evergreens, let us plant them for you and they will soon add dollars to the value of your property as well as bring pleasure to every member of the family. Our stock of Lilacs and other flowering shrubs is a leading one—every plant will be a proud possession of the home-owner.

A properly planted and well-cared-for evergreen hedge is one of the most economical ways to increase property values. A nice hedge surrounding the property gives a feeling of privacy that one can never get from a fence. Let us show you our hedge possibilities in Yew, Hemlock or Arborvitæ, three of the finest of hedging plants. Behind a nice hedge, under the shade of your own trees, is just the place for that outdoor living-room so enjoyable on a hot day.

We have suggested but a few of the things our "Planning and Planting Service" would like to do for you, and the cost would be much less than you imagine.

At any rate, come to the Nursery and see the splendid planting material grown right here where we can watch it all the time. If you like plants half as much as we do, you will enjoy a visit and we shall be glad to see you.

DELIVERY. Unless otherwise instructed, we will ship all orders to arrive at proper planting-time. Postage prepaid when cash accompanies order.

TERMS. If you desire to open a charge account, please send bank or trade references with order.

VISITORS WELCOME. We shall be very glad to see you if you are in the vicinity of our Nursery and will be glad to show you over the grounds and point out the quality of our stock.

An informal garden, designed by our Nursery, which won a special prize and the trophy of the Society of American Florists and Ornamental Horticulturists at the International Flower Show this year

HARDY PERENNIALS and ROCK-PLANTS

These old-fashioned, hardy flowers have won an important place in the gardens of most flower-lovers because of their varied formation and gorgeous range of color. Year after year they are among the first flowers to greet us in the spring, with renewed vigor after the winter rest, and the last flowers to leave us in the fall.

Considering the countrywide trend toward economy, the perennial garden, in the long run, is the most economical garden to plant because once planted it eliminates the expense of replanting every year. Many varieties are useful as cut-flowers. They need very little care outside of weeding and cultivation. After the first hard frost, cut the tops down and cover with a good coat of well-rotted manure.

Plants of the following varieties are fine, strong, nursery-grown stock, with the exception of a few that are best transplanted from pots, and will bloom abundantly this year.

Six plants of one variety at dozen rate; 25 at 100 rate

DOUBLE DELPHINIUMS

Delphiniums are a Turner specialty, and blooms from our plants are consistent prize-winners wherever exhibited. Years of striving for perfection have developed a strain producing numerous massive and stately spikes, 5 to 6 feet high. These bear large, double flowers of perfect form in colors ranging from palest blue to deepest indigo, and from most delicate mauve to glowing royal purple, passing through intermediate pastel shades of bewildering richness and variety.

Whether for garden decoration, superb cut-flowers for the house, or outstanding exhibition material, there is nothing to equal hybrid Delphiniums, and Turner's strain leads all the rest.

We offer only strong, healthy plants which will produce maximum results with a minimum of care.

Bedding Plants

We carry a full line of Bedding Plants suitable for cut-flowers, bedding, and window-boxes. We offer these principally for customers within delivery distance for our trucks. It is not advisable to ship annuals.

Annual Plants

All our Annuals are strong, healthy plants potted in individual pots. These potted Annuals produce better results than ordinary plants from flats because the roots are not disturbed when transplanted. Annuals may be planted any time after May 15. We carry a large variety of Annuals and Annual vines including all the latest novelties, many of which will be of great assistance in the perennial border.

Annual price-list sent on request.

FROM the scores of new Roses introduced to American gardeners each year, we select a few varieties which appear to be real advances in either plant or bloom, and which have shown by performance that they will do well in the territory covered by this Catalogue.

In this modest manner we are able to keep our Rose-list modernized without loading our customers with a lot of unworthy novelties.

We have no hesitancy in recommending any of the modern Roses pictured on these pages, believing that the plants will do well for you and that you will like their beautiful blooms.

HYBRID TEA OR EVERBLOOMING ROSES

These are the most popular of all Roses because of their everblooming habit and variety of color. We have always made a special effort to deliver extra-fine, strong, budded plants direct to the customer from our nursery where they are grown. This insures fresh, vigorous plants that will thrive and bring much joy and satisfaction to the grower. It has been very gratifying to receive many favorable comments regarding the type of Rose plants we have delivered to satisfied customers in the past.

Roses like a deep bed of about 12 to 14 inches of good soil, with well-decayed manure spaded in. Set bushes 1½ to 2 feet apart, placing them so that the junction of branches and root is just covered with soil. All classes of Roses should be pruned back severely to about 6 to 8 inches when planted.

Protect Hybrid Teas in the winter by hilling the soil up around the plants and covering with a litter of strawy manure or leaves. Be sure to remove this early in spring.

Extra-strong plants, 75 cts. each, $7.50 per doz., $50 per 100, except where noted

Betty Uprichard

Alice Harding. Plant Patent No. 202. The finest yellow Rose to date, with large, prize-winning flowers of golden yellow which does not mind the sun. The yellow Rose for exhibitions. A generous bloomer. $1.50 each, $15 per doz.

Autumn. Gorgeous crimson-scarlet and gold buds, which open to deep yellow, very double flowers, streaked and flushed with crimson. Plant vigorous and free flowering, especially in the fall.

Betty Uprichard. A very fine Rose, unsurpassed in vigor, blooming, color, and resistance to heat or drought. Copper-red buds, opening to flowers of brilliant orange-carmine on outer surface of petals, showing light salmon reflexes.

Briarcliff. Large, pointed buds and double, high-crowned, fragrant blooms of brilliant rose-pink on good stems.

Carrie Jacobs Bond. Plant Patent No. 158. A magnificent Rose of exhibition form, rich deep pink, enhanced by a luminous coral sheen. Close-growing, upright plants. $1 each, $10 per doz.

Charles K. Douglas. A fine, bright red, semi-double Rose which is becoming very popular.

Charles P. Kilham. Large, beautifully shaped blooms of brilliant red-orange, suffused with glowing scarlet; slightly fragrant. Foliage resistant to mildew. Vigorous, bushy, upright.

Countess Vandal. Plant Patent No. 38. Superb, bronze-tinted buds with rose and orange tones, opening to huge, shapely, salmon-pink flowers flushed with gold and flesh tones. A consistent winner of first-prize honors. $1 each.

Crimson Glory. Plant Patent No. 105. Urn-shaped, black buds open to large, deep crimson flowers with a velvety nap. Has the old-time fragrance. Branching plants. $1 each, $10 per doz.

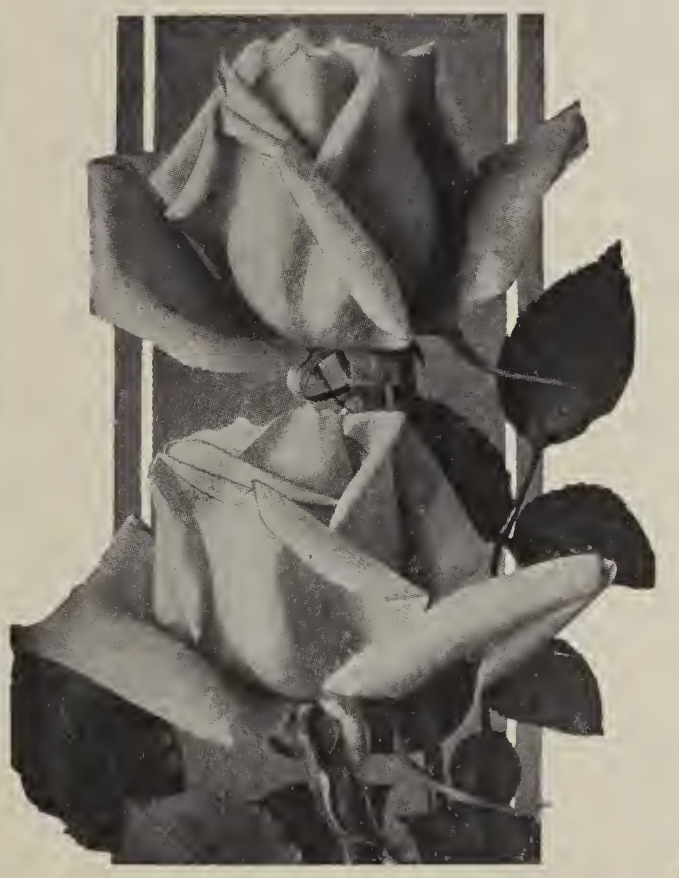
Dicksons Centennial. Plant Patent No. 223. Big loose flowers like a shaggy Japanese peony, of deep glowing crimson with a velvety shading of brilliant red. Delicious fragrance. You will like this different Rose. $1 each, $10 per doz.

Duchess of Wellington. For many years considered the best yellow Rose. Enormous, tapering buds of golden orange, slowly opening to very large saffron-yellow blooms. Very vigorous and healthy.

Eclipse. Plant Patent No. 172. Long, slender, rich gold buds open to big loose flowers of deep golden yellow. Strong plants blooming freely all season. $1.25 each, $12.50 per doz.

Edith Nellie Perkins. An exceedingly fine, soft creamy pink flower deeply stained with ruddy copper tones on the backs of the petals. Fragrant, free flowering, and vigorous.

Eduard Schill. Very large, semi-double flowers of a peculiar shade of brick-red flushed with yellow. Plants of extra vigor, with glossy foliage. $1 each, $10 per doz.



Edith Nellie Perkins

Etoile de Hollande. Considered by many the best red Rose. Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant.

Feu Pernet-Ducher. Plant Patent No. 103. Exquisitely formed flowers of rich yellow, with outer petals sometimes nearly white. Big bushy plants which work all the time. $1 each, $10 per doz.

Gloaming. Plant Patent No. 137. Glorious long buds open to large, artistically formed flowers of soft satiny pink, flushed with amber. Exquisite. $1 each, $10 per doz.

Glowing Sunset. Plant Patent No. 104. Double flowers of loose form in an indescribable blend of orange-yellow and rose-pink; fragrant. $1 each, $10 per doz.

Golden Dawn. One of the finest of all garden Roses. Large, double, very fragrant flowers of pale straw-yellow are freely produced on a splendid plant.

Golden Rapture. A new yellow Rose of upright growth and fine cutting value. The large, double, pure yellow flowers hold their color. $1 each, $10 per doz.

Hinrich Gaede. One of the most spectacular Roses in existence and one of the best. The color is luminous vermilion shaded with golden yellow. 85 cts. each, $8.50 per doz.

Joanna Hill. A glorified Mrs. Aaron Ward. Heavy lemon buds, developing into a very double bloom with Indian-yellow center, surrounded by bold, buff petals.

Kaiserin Auguste Viktoria. Considered best white. An old standard variety with creamy white buds opening to perfectly formed blooms of snowy white.

Lady Alice Stanley. One of the best and most dependable Roses. Massive buds and blooms of very large size, fully double, with outside petals coral-rose, inside pale flesh-pink. Unusually disease-resistant.

Margaret McGredy. Brilliant red petals on hinges of deep gold. Buds upright. Free. One of the thoroughly dependable Roses for every garden. The plants are vigorous and produce their blooms in unending succession all summer and fall.

Max Krause. Deep buttery yellow buds and large, rich yellow flowers.

McGredy's Ivory. Long buds with greenish markings, opening ivory-white. Sweet-scented, nicely formed, double flowers. An excellent Rose.

McGredy's Scarlet. Handsome, loosely formed, crimson Rose with glorious orange-scarlet sheen in the depths of its velvety petals. Plant unusually strong.

McGredy's Yellow. Long-pointed buds of deep yellow open to perfectly formed, fragrant flowers of bright buttercup-yellow. Upright, healthy plants. $1.50 each, $15 per doz.

Miss America. Plant Patent No. 264. Large, very double blooms of perfect form are produced in endless succession all during the growing season, on bushy plants of average height. The color is flesh with a salmon and gold suffusion. Fragrant. $1 each, $10 per doz.

Mme. Cochet-Cochet. Plant Patent No. 129. Lovely pointed blooms of coppery pink flushed orange—one of the most exquisite Roses grown. Fragrant. Strong, bushy growth. Very free. $1 each, $10 per doz.

McGredy's Ivory

Mme. Jean Gaujard. Patent applied for. A two-toned Rose of carmine-buff outside and yellow-buff inside, changing to soft buff. $1.50 each, $15 per doz.

Mme. Joseph Perraud. A superb Rose of a "different" coloring—golden buff with a pinkish tint toward the edges of the petals. $1 each, $10 per doz.

Miss Rowena Thom. A striking novelty with gigantic blooms of brilliant satiny pink, shaded with orange-flame at center. Strong grower.

Mrs. Erskine Pembroke Thom. One of the finest yellow Roses, with long buds opening into perfectly shaped flowers of rich lemon-yellow. Very vigorous and disease-resistant.

Mrs. Henry Morse. Flowers are bright pink, with silvery shadings, and are incessantly produced by low, branching bushes. Large buds and flowers.

Mrs. Pierre S. du Pont. Well-shaped golden yellow flowers and bushy, compact plants. Delightful spicy fragrance. This is the most generous-blooming yellow Rose we have today.

Mrs. W. E. Nickerson. Long, slender buds and deep, high-centered flowers with large petals of soft silvery pink, deeply shaded with old-gold and salmon.

Oswald Sieper. Large exhibition-quality flowers of creamy white. Average plants.

Pink Dawn. Lovely buds of deep rose open to splendidly formed flowers of a clean shade of pink tinted with orange at the base. Sweet fragrance. $1 each, $10 per doz.

President Herbert Hoover. An outstanding novelty of a real new color-combination—maroon, orange, and gold, rioting in the most contrasting fashion. Long-pointed buds, rigid stems, and good grower.

Radiance. The most reliable and most planted of all Roses. It has no equal for vigor and foliage. Brilliant rose-pink bloom of excellent globular shape and fragrance.

Red Radiance. Bright rosy red form of Radiance, with same qualities.

Richard E. West. Perfectly formed, high-centered flowers of clear cadmium-yellow, borne singly on long stems; intensely fragrant.

R. M. S. Queen Mary. Plant Patent No. 249. Splendid bushy plants branching freely, with each branch ending in a bloom. The flowers are a blend of salmon, pink, and orange. A beautiful bloom with delicate fragrance. $1.50 each, $15 per doz.

Rome Glory. Plant Patent No. 304. A strong-growing plant comparing with some of the Hybrid Perpetuals. Splendid flowers of luminous cerise-red; delightful fragrance. Extra winter hardiness. $1.50 each, $15 per doz.

Roslyn. One of the newer Roses, with nicely formed flowers of deep golden yellow, very double, borne singly on long stems. Vigorous, compact growth.

Golden Dawn. See page 19
